## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 40-41 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As claims 40-41 recite the limitation "**the uplink** gating rate and **the downlink** gating rate" in lines 3-4. There is insufficient antecedent basis for this limitation in the claim.

As claims 40-41 recite the limitation "the uplink gating rate and the downlink gating rate are compared to set the downlink gating rate different from the uplink gating rate" is vague and indefinite because it's unclear if the applicant intent to use the terms, such "uplink" as -reverse- and "downlink" as -forward-, or they have a different meaning. If they have the same meaning. Please replacing the recitation "uplink" with -reverse- and "downlink" with -forward- in order to have a consistence term through out the claims.

### *Allowable Subject Matter*

3. Claims 1-4, 7-14 and 18-20 are allowed.
4. Claims 40 and 41 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
